OTHER QUESTIONS:

Is this a family-friendly event?

- Absolutely! Pikes Peak Pride is designed to be inclusive for all ages.
- Our Rainbow Youth Square features activities, crafts, and age-appropriate entertainment (See above for more details).
- The event is about celebrating love, unity, and education, making it welcoming for everyone from toddlers to grandparents.
- Dogs are welcome, we do advise bringing water and other accessories to deal with heat and outside weather.

Will there be security there?

- Yes, safety is one of our top priorities at the festival. We've partnered with local law enforcement and have a dedicated security team in place to ensure a safe and enjoyable experience for everyone.
- With the large crowds we're expecting, we've made the necessary accommodations to support that volume, including appropriate staffing and safety protocols.
- We also encourage all attendees to follow the "See Something, Say Something" guideline. If you notice anything concerning, please report it immediately to a staff member, volunteer, or security personnel. And of course, in the event of an emergency, don't hesitate to call 911.

How has fundraising been going this year for Pikes Peak Pride?

- Fundraising has been strong, thanks to the support of our local sponsors like Absolute, UCHHealth, Magic 98.9, and KKTV.
- We're a community-funded festival, so every sponsor, donation, and fundraiser helps keep the event free and accessible. And we have surpassed our fundraising goals from last year! This is very exciting and important to note during this year of changes as it shows that we have such an amazing, supportive community!
- There's still time to contribute, visit pikespeakpride.org to donate or get involved.
